The subscriber respectfully notifies his friends and the public generally, that he still keeps for sale the BIXF. HORSE RAKE, which gives good satisfaction wherever used, and is generally preferred to any other kind, for the ease with which it can be operated. It has been tested on all sorts of land, and in all descriptions of grass. It gathers hay easily and thoroughly, and works well on rough and smooth ground.

The hand lever is so constructed that the operator raises the head by pulling it towards him. It is confidently claimed that it is the most perfect Horse Hay Rake thus far invented.

THE UNITED STATES CHRISTIAN

THE UNITED STATES CHRISTIAN COMMISSION would inform the patriotic, the philanthropic and Christian mon and women of the country, of its work and its wants.

It cares for the body and the soul, as did Christ when on earth. By its delegates, who go without pay and from love, hospital stores, home comforts and reading matter are given directly to those who need them, together with such personal ministrations and religious instruction as each case may require—and the Gospel is proached at every opportunity.

In the hospitals, on the battle-fields, and in the camps of the strong and brave, the delegates are welcomed by surgeons, officers and men, and been blessed to the conversion of thousands of souls, besides raising the morals of the army and strengthening the links that bind the soldier to his home.

to his home.

It has the confidence of the Government and all the facilities from it that military exigencies will allow.

Its affairs are managed by business men who give their services. Railroads and telegrams are free to if; the Bible Society gives its publications; but religious reading matter must be purchased, and the demand is far beyond the ability of the Commission to meet it.

chassed, and the demand is far beyond the ability of the Commission to meet it.

The rectals of the Commission are men to go as delegates; stores to be distributed by them—money to purchase reading matter.

The aim is to have no large balance in the Tremury, but to do at all times what the current contributions shall allow, there being no extensive and complicated system of agencies that a change would seriously affect.

Money and Stores may be sent to Gronor H. Stuart, 11 Bank Street, Philadelphia.

In New England, money may be sent to JOSEPH STORY, 112 Tremont Street; Stores to L. P. Rowland, 5 Tremont Temple; Letters to CHARLES DEMOND, 4 Court Street, all in Boston.
